

**SCOTT WALKER**  
**OFFICE OF THE GOVERNOR**  
**STATE OF WISCONSIN**

P.O. Box 7863  
MADISON, WI 53707

June 10, 2016

Mr. Steve Stockton  
Director of Civil Works  
Office of CECW-XD  
441 G Street NW  
Washington, D.C. 20314

Dear Mr. Stockton:

Please consider this request for funding from the Continuing Authorities Program (CAP) under Section 14 of the Flood Control Act of 1946 to assist the Village of Mount Pleasant, Wisconsin to control severe bluff erosion along the shoreline of Lake Michigan. The State of Wisconsin and the Village of Mount Pleasant have been working with Mr. Joe Mose, Mississippi Valley Division CAP Program Manager, to identify this project as a priority for funding.

It is my understanding that the U.S. Army Corps of Engineers will evaluate the affordability of additional new projects, make a determination on funding later this year, and submit this list of projects to the House and Senate Appropriations Committees. Please include the Village of Mount Pleasant project on your funding list.

Due to severe erosion, two village roads and the utilities within these roads are in immediate threat to succumbing to rapid bluff failure, along with roughly a dozen residential structures. The current erosion rates will also soon threaten a nearby public street which parallels the area in question along its entire length, Sheridan Road, in the near future.

Thank you for your attention to this urgent matter and we look forward to hearing from you about the next steps in the funding process.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Walker".

Scott Walker  
Governor
